Portland Children's Museum

Re: Thomas Clarke Construction

Dear Sir or Madam:

I am writing to recommend Thomas Clarke Construction as a candidate for the Children's Museum project.

Over the course of 10 years Thomas Clarke Construction has worked with us on several projects most notably our 8900 sq ft Office building in the Tigard Triangle which houses our law firm and two tenants, NW Optometric and American Solutions. The design, construction, landscape and finish are of the highest quality. We receive frequent compliments from clients and visitors on the beautiful details and function of the facility. The build outs that Tom designed for and delivered to our tenants were met with similar compliments and appreciation.

My project experience with Tom and his team has found them hard working, conscientious around the worksite and taking pride in their craftsmanship.

I know this is a project that would help boost our community, and I have no doubt Thomas Clarke Construction would be a valuable asset to the overall development of it.

If I can provide any further assistance, please do not hesitate to contact me at 503-619-2333.

Very truly yours,

Patrick D. Gilroy
